**Fusion Solutions CEO
Tahir Hussain was named a
finalist to the 2008 Ernst &
Young Entrepreneur of the Year
Award for the Southwest**

THE 2008 FINALISTS

Southwest Area – North Ernst & Young Entrepreneur Of The Year

Fusion Solutions
Addison, Texas
Tahir Hussain
*President and
Chief Executive Officer*

Tahir Hussain has utilized his strong technical skills and deep understanding of the telecom industry to create a technical staffing company during one of the most volatile periods in the telecom industry.

Tahir realized that the major telecom players would not be able to execute a turnaround after the industry fallout if they slashed headcount too deeply. He knew they would need new products, as well as the talent to create and deliver them, if they were to rebound and re-gain their business and market shares.

Tahir left a successful career as an engineer at Ericsson and invested his savings to launch Fusion Solutions. While employed as an engineer at Ericsson, Tahir obtained firsthand knowledge of the telecom industry products, trends and needs. He also learned how to identify, acquire and lead the deployment of top telecom technical talent.

Tahir built his company into what is today; one of the largest telecom-focused staffing companies in Texas, generating revenues of \$24 million and employing 200 people. During the past 6 years, he has built a list of elite global customers that include Ericsson, Alcatel-Lucent, and Tektronix.

Fusion Solutions, Inc. is currently ranked #5 in the Inc. Magazine list of 500 fastest growing companies in the United States. They also are ranked 2nd in the Dallas 100™ list of fastest growing companies in Dallas/Fort Worth.
