

Fusion Solutions Inc., has a number of positions available across the United States, and we are always looking for talented technical professionals. Our referral program can reward you with a financial bonus when referring your friends and colleagues for opportunities at Fusion Solutions.

Here's how it works:

Fusion Solutions will pay a referral bonus (depending on initial contract terms and position type) to employees when the following occurs:

- The candidate acknowledges that the person referring was authorized by the candidate to do so.
- The candidate is selected, offered the position and accepts the position.
- The candidate successfully completes 480 approved hours of work in that position.

The Process:

- Contact the candidate and obtain his/her permission for the referral.
- Complete a FusionReferrals Candidate Referral Form and e-mail it to Fusion Solutions along with the candidate's resume.
- Fusion Solutions will contact the candidate and proceed to qualify him/her for opportunities.
- After the candidate becomes a Fusion Solutions employee and successfully completes 480 approved hours of work , a bonus check will be sent to you at the mailing address you provided on the FusionReferrals Candidate Referral Form.

To Qualify:

- FusionReferrals Form must be completed and submitted to Fusion Solutions prior to the candidate being selected and accepting a position with Fusion Solutions.
- Candidates must not be actively communicating to a Fusion representative for potential employment opportunities.

FusionReferral Form:

Please provide both referred and referee information, sign and return this form to Fusion Solutions.
This form must be completed and returned to Fusion Solutions, Inc. to qualify.
